The prices sheet on sale as per your letter of 10th Inst
can be sent on per Express - with a selection of
Canadian tokens - medals & Military medals generally -
which I shall be glad to hand as soon as convenient.
I have the idea - correct or not - that the prices for
many Canadians are placed pretty high in your City but
I expect you will make them right -
Now about the last lot - I find $69. is not as per list
the date is wrong, being the same date as a lot of 2 pieces
and the condition is not as given - as I pay more for the
right piece I would prefer to have it - this one I received,
has evidently got changed in some way with the No
following - and the $86 has not been received and
was not checked by you in Invoice sent -
I am also disappointed at not getting Mint Mark
$96. Is there any chance of
another ? -

Yours Truly
W. J. Smith P.O. Box 338.

Dr Sirs

I have your card, saying parcel per Express has not arrived -

I think from the Express Co. asking me for a "Memo" that the Contents were rec'd from you for selection & now returned for the Customs - that it was detained at Niagara This was long enough since for parcel to have been rec'd. I hope it has been. but if not. it must be at Customs Niagara Falls - I have written Express Co. to look it up & you better write also. Yours

W. [illegible]

Pa Sirs -

I have your Invoice of 30 ult. of purchases at Scott Sale in N.Y. on 29 ult & Pd. also the goods per Express - Also your 10 days since the with Americans in Appraisal -

I looked the latter over carefully and whilst there are a number of pieces I owned but in it - the remainder is new, or used as I owned like them - do I get 10% off the prices quoted?

I have also taken a hurried look over the Trade tokens - and at a guess I should say I have duplicates of over one half of them and I cannot make any use of these duplicates at present - do you require me to take the whole lot or am I to be allowed to select the coins I want without Duplicates - and do I get 10% off the prices given -

if I can select what I want I will take all I have not duplicates of - at price - 10¢ each less 10% -

Dr Sirs -

I have your card of 8th inst & note contents -

I this day forward you per Express the English Pictures rec'd on approval & which I have examined carefully there are fifty I do not want. I can take the other 150 at nine cents if you can sell for that. I do not think they average more than good -

I also send in same parcel the South americans rec'd on approval - less selections - these are not for any new collection - and I get nothing for my trouble about them - I also send back 17 City Views - of which I have 3 in my collection now and I do not want duplicates if I can help it - I also send back the book rec'd on approval which I do not require -

I find one piece - #/4 in lot 9 - short - only 4 instead of 5 as listed for #2.35 - which would reduce it that much -

Will you send me bill of what I owe you as soon as you look over these returned goods -

I note that you expect to be away from the City after Thursday next - in which case it may be useless to send you list of bids for the Hooper sale on 21st - which I have nearly ready -

Please do not include any books in approval lots as it is liable to make trouble at Customs -

Yours truly W.J. Smith P.O. Box 338.

Mr. Lewis -

I have your P.C. card of 16th Inst. this morning - & note contents. & returned the 150 mentioned with the attached order as desired - same day I wrote you - hold them until I have something else coming. I held orders for Hooper Lake until Saturday evening and not hearing from you and time getting close. I sent it to another firm. Sorry - but I scarcely think the order would reach you in time for sale if mailed to day -
